

# Domain Name Watch

**CPA HAS MANAGED REGISTERED IP RIGHTS FOR OVER 35 YEARS. MORE THAN 40,000 CLIENTS CURRENTLY BENEFIT FROM OUR SERVICES.**

**O**ur domain name watch service monitors your brand on the Internet and keeps you up-to-date with the latest relevant registrations. This service provides you with:

## Full coverage

Global coverage across the Internet, monitoring all gTLDs and ccTLDs. New extensions such as .eu are automatically included in the watch.

## Relevant domain names

Domain names that are identical or confusingly similar to your brands (through exact string and wild-card monitoring) and could be used to re-direct website traffic.

## Advice and support

An expert to help you customise your search strings to meet your requirements.

## Details of phishing sites

The watch results can be used to identify potential phishing or gripe sites.

## Registrant information

Ownership details of relevant domain names.

## Reports

Weekly or monthly reports e-mailed and accessed at any time through our web interface.

## On-line filtering

Ability to search results by domain name with live links to Whois details and relevant websites.

ON AVERAGE THERE ARE THREE MILLION NEW DOMAIN NAMES REGISTERED GLOBALLY EVERY MONTH. DO YOU KNOW WHICH OF THESE COULD BE INFRINGING YOUR RIGHTS?

## WHY CHOOSE THIS SERVICE?

- 1** To be quickly informed of any domain name containing your brand, giving you the opportunity to take prompt action.
- 2** To receive a base line report at the start of the watch to identify conflicting domain names that are already registered.
- 3** To obtain Registrant information to assist with filing a dispute, purchasing a name or sending a cease and desist letter.
- 4** To receive only relevant results and to prevent you from being inundated with unhelpful material.
- 5** To quickly filter and share reported information with colleagues.
- 6** To securely archive data for two years – free of charge.
- 7** To benefit from a professional service at a competitive price.
